Business Breakthrough Banquet Events Overview

Dinner – Guests will enjoy a fantastic dinner with other business men/women. Strategic seating of guests will be done as much as possible to allow for a maximized networking experience. The networking is done throughout the evening by encouraging table conversations (over dinner) that will allow each business represented to be introduced to other businesses. This will culminate at the end of the meeting with each table breaking into small groups of three to form a 30 day prayer covenant.

Prayer Covenant – A proven program David has used in Business Breakthrough meetings around the world over the last 20 years. Essentially, each person is given a four part form in which they list short, mid and long term objectives for the business. In one segment, each person separates their forms and shares the forms with two others who will agree to pray for them daily over the next 30 days. Using a timer, each person in the group of three is given two minutes to share what is on their forms (goals/objectives). Again with a timer, the final segment has each person pray for one minute for each person in their group of three. This is just a priming of the pump in newly formed relationships; the real impact of this will be a commitment to pray at least five minutes daily for the next 30 days (prayer covenant).

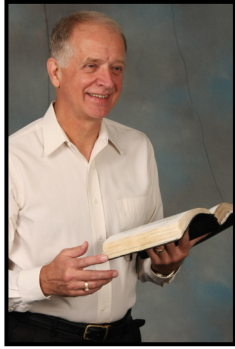

On a grander scale of prayer David takes one of the four copies back to the ministry office where it will be copied and distributed to the ministry intercessors and prayer partners. The natural impact of this spiritual effort has proven to be of great significance over the course of time.

Networking – As best as possible, banquet/conference hosts will seat people strategically at tables where new relationships can/will be formed. Sometimes this is done spontaneously or executed after the meeting starts where the guests do a "musical chairs" of sort. In this way everyone is seated at a table with business people they have yet to meet. The primary objective here is for each business to make new connections/friends that will ultimately help one another's business. During the dinner David will give directions that will help to facilitate each person to share something about their business with the others at their table.

Teaching – David Martin has studied the supernatural for over 32 years, and has served in full time ministry (living by faith) as an international evangelist/teacher for over 25 years. In 1990 at God’s direction, David began seeking

God’s wisdom on how to see the wealth of the wicked be transferred to the righteous as found in Proverbs 13:22. David will teach for approximately one hour on life, business and world changing principles/precepts from the Word of God. What you will learn will help you immensely in bringing the supernatural operations of God’s Word and Spirit to a greater reality. One of the primary things you will learn is how the supernatural should be natural in your business. You will also see/learn why you have yet to see the fullness of what God has planned and more importantly how to walk in what Jesus came to give you, life and life more abundantly.

Impartation – God has given David some powerful impartations which have been recently featured on Sid Roth’s “It’s Supernatural.” Two impartations will be given at this meeting, one on the “Shining One Anointing,” which will help you in your quest for living at a higher level of Godliness. The second impartation will be what God called “Resurrection Anointing.” This impartation will give you a supernatural peace which has two primary benefits; hearing God’s voice better and a greater ability to bring your flesh/self in subjection to the spirit.

In Romans 1:11 Paul said, “*For I long to see you so that I may impart some spiritual gift to you, that you may be established;*” NASB. This time of impartation has the potential to change you forever as you receive a supernatural spiritual gift that will establish you beyond anything you ever asked, thought or imagined for the glory of God.

Invitation to the Perissos Prayer Network – Over the last seven years, David has been establishing a prayer network in India under the name of “Perissos Prayer Network.” David will just have returned from the network two weeks prior to this meeting with the current plan developed over a two day strategy session with his 23 coordinators in the Andhra Pradesh region. Each coordinator ultimately represents 100 churches creating a network of 2300 churches each of which have a prayer team. Each of these teams will be receiving copies of the ministry business partners on a monthly basis. The prayer support that this potentially brings to each business is beyond anything most businesses have ever seen.

Those interested in being a part of the network will be given the opportunity to submit their goals, objectives and prayer requests on line daily, weekly or monthly. Each of these requests will go to Dave Martin Ministries office for our local intercessors and prayer partners and at same time be distributed to the entire Perissos Prayer Network.
