Location: Integrity Retreat 4005 SE Hwy 314-A Ocklawaha, Florida ([Map - 2 hours north of Orlando](#))

Closest Airport: Daytona, but Jacksonville or Orlando are not much farther and may offer lesser airfares.

Registration: www.integrityretreat.com

Guest Speaker: International Evangelist/Teacher David Martin of Dave Martin Ministries is going to the next level of walking in the spirit. The message will bring together, Biblical truths that will set the foundation; a layman's understanding of Quantum physics and the unique design of the human body with a special emphasis on the heart.

- **Theme:** **Going to the Next Level**
- Human natural potential goes far beyond what you currently and most likely have ever experienced. When you add in the realm of the spirit; you bring an exponential potential that opens the door to unlimited potential. Over the course of two days you will receive cutting edge teaching and revelation that will WOW you but more importantly give you what you need to function at higher levels in the natural & the supernatural. David is so confident that this valuable revolutionary teaching will be so life changing, understandable & applicable to your everyday walk that he guarantees it. What that means is anyone who believes they have not greatly benefited from the conference will receive a full refund for their registration fee.
- In essence this conference will give you an understanding and practical guide in how to do what Jesus did. Obviously, it is going to take some time to incorporate all of what is learned, but by the time you leave the conference you will already be living with an increased proficiency of:
 - Hearing the voice of God
 - Knowing what & how to daily go through the days ahead more victoriously and
 - Enjoy the life He came to give you.
- David believes this conference will be treasured and remembered as the turning point in each person's life. For some it will be a phenomenal eye opening experience that will launch them into a life they long hoped for but had no idea on how to get there. For others it will provide the tools/mechanisms and methodologies to fulfill all of their life's hopes, dreams and visions.
- We encourage all that come to expect a quantum leap knowing that God has much more for you than you could possibly as, think or imagine.
